As a Professional Coach, with over 10 years experience and working with thousands of coaches, [Robert Rendle](#) with 30 years of specialising in business start-up's, has always been aware of the challenges all coaches experience, while establishing their Coaching practise.

What are the challenges? More Clients, More Money, More time.

Four years ago Robert had the pleasure of accepting the role of Business Coach to a European Director of Microsoft, [Doron Libshtein](#). It wasn't long before Doron shared with his Business Coach his vision. As with many corporations Microsoft are committed to Coaching, but this was always reserved for the boardroom. Doron's dilemma as a director was how could he get coaching to every member of the organisation, in a productive and cost effective way. We are proud to say we have now solved both issues, for the clients and coaches.

With the CI platform the coach can deliver 24/7/365, secure, confidential, affordable coaching. With their exclusive Self Coaching programs, there is no limit to the number of clients that can be coached. Coaching is now no longer reserved for the boardroom.

CI coaches have access to programs to ensure they lay strong foundations, and able to receive multiple incomes, for a successful and profitable business, handling more clients, more money, more time.

With [Deepak Chopra](#), [Byron Katie](#) and [Robin Sharma](#) in the Mentors programs and Terri Levine, Milana Leshinski and Michael Port in their Best Sellers programs you can understand why CI are so excited to be able to offer this to you.
